

A workshop presented by:

**Culex Automated Blood Sampling System
Cannulation of the Jugular Vein in Rats
"A Hands-on Workshop"**

Saturday, May 31, 2008 | 9:00 AM-3:00 PM | At Amgen Inc.

Topics to be covered: This workshop will focus on the surgical placement of a sterile catheter in the jugular vein of a rat for use with the Culex ABS system. Participants will also have an opportunity to view the latest technology in automated blood sample collection from Culex. The Culex Automated In Vivo Sampling System is an instrument system designed to collect pharmacokinetic and pharmacodynamic data during the course of pharmacokinetics or drug metabolism experiments. Culex can collect blood from awake and freely moving rats and mice.

- * This workshop will be limited to the first 20 people who respond.
- * Continental breakfast and Lunch will be served (pizza)!
- * Cost per person: \$30.00, SCB-AALAS MEMBERS ONLY
